The "Superintendents' Agreement" Exception

Under this exception, two superintendents may approve the transfer of a student from one school administrative unit to another school administrative unit (public unit to public unit only). Three conditions must first exist before such an approval can be arranged:

1. Both superintendents find that a transfer is in a student's best interest; and
2. The student's parent must approve, except where the student is considered majority age (age 18 or emancipated minor).
3. The receiving school administrative unit must operate a school with the grade level of the student being transferred (effective October 9, 2013 per Public Law 2013 Ch. 356).
